

# PRIMATES, PREDATORS & PREY

A life-changing adventure to three of Africa's most sought after icons; the mountain gorillas of Rwanda, Ngorongoro Crater and the Serengeti in Tanzania.

LEVEL:

Epic suggests: **10 DAYS**

Best months: **JUN - OCT  
& DEC - MAR**

## PRIMATES, PREDATORS & PREY

This journey takes you in search of the mountain gorillas in Rwanda ('The Land of a Thousand Hills') and the fabled game meccas of the Serengeti and Ngorongoro Crater in Tanzania.

### DAY 1: KIGALI, RWANDA

Arriving in from Johannesburg, you meet your guide in Kigali for a pre-trip briefing.

### DAYS 2 – 3: PARC DES VOLCANS

With only 700 or so mountain gorillas left in the world, a brush with them is indeed very special and many say life-changing. Nothing can prepare you for the impact of encountering a fully grown silverback gorilla, up to three times the size of an average man, yet remarkably peaceable and tolerant of human visitors. To look into a gorilla's eyes and see the empathy contained within, will undoubtedly stay with you forever. You partake in two days trekking to visit two different family groups and silently observe their activities.

### DAYS 4 – 5: KIGALI / NGORONGORO

From Rwanda you fly to Tanzania to take in one of Africa's big game icons; the Ngorongoro Crater. The crater floor covers 150 sq km (58 sq miles) and is home to more than 25,000 large mammals. You are based at Ngorongoro Crater Lodge for an indulgent two night stay.

### DAYS 6 – 9: SERENGETI

Then it's on to the Serengeti for three nights to experience the thrill of the great migration. Twice a year, triggered by the rains, approximately 1.3 million wildebeest, 200,000 zebra and 300,000 Thomson's gazelle gather to undertake the long trek to new grazing lands.

### DAY 10: SERENGETI / ARUSHA

Transfer to Arusha and connect with your outbound flight.

- This programme is **fully customisable**.
- Minimum age 15 years.
