THE ULTIMATE REEF ADVENTURE

This is aquatic adventure in the lap of luxury, from your very own private yacht.

DAYS 1 – 6: WHITSUNDAYS, QUEENSLAND

Commencing with a seaplane flight from Hamilton Island to a remote stretch of silica sand, you marry up with your luxury vessel, your home for this exciting week.

The ensuing days' activities are totally flexible and will be determined by your level of fitness and desire to explore this water wonderland.

The majestic granite peaks of the islands offer hikers a challenge to ascend several of these during their sea kayaking adventures. Your captain can chart out a course for your day and leave you to paddle among the remote estuaries or undertake inter-island crossings.

If speed is your demon then a jet-ski is on hand to blast your way to distant beaches, far from the madding crowds.

Divers and snorkellers will be amazed by the myriad of corals and underwater life, for which the Great Barrier Reef is renowned. In the southern hemisphere's winter months, migrating humpback whales are often encountered.

For the ultimate in seclusion you can be cast ashore with a comfortable bush swag to sleep under the stars on your own private beach. The sky is the limit.

- This programme is **fully customisable**.
- No age restriction.
- Due to vessel size, there is a maximum of 8 guests on this programme.
